Re-Blooming & Continuous Blooming Roses

Picture Perfect™

2023 Hybrid Tea Rose

Weeks Roses

2023 Wholesale Rose Catalog

Heavenly Scented™

Hybrid Tea • cv. WEKvodomer • PPAF

Heavenly Scented Hybrid Tea Rose has everything you desire from a long stemmed rose, delivered in a beautiful conch pink. Hybrid teas are known to produce one large flower per stem, making them the quintessential cutting rose. The strong, sweet fragrance beloved by rose gardeners travels with each cut flower. In the garden, ***Heavenly Scented*** grows in an upright habit and has a strong resistance to downy mildew and rust. Good color retention means that these roses won't lose their bright prawn-pink hue in the sun.

Flower Color: Salmon
Height/Habit: Tall/Upright
Bloom/Size: Old-fashioned, cuppy & very double/ Large, around 4-5 inch diameter, single (60 to 130 petals)
Re-Bloomer: Repeat blooms throughout season

Morning Glow™

Floribunda • cv. WEKpiflaspas • PPAF

Wake up to a brand new morning with this fresh Floribunda. Our ***Morning Glow*** Floribunda rose combines dark green foliage, outstanding bud form, and large, nearly 4" across, old-fashioned blooms in a silky ginger-root yellow. That gorgeous contrast, along with its light tea fragrance, will set ***Morning Glow*** apart from all the other roses in your garden. Floribunda roses are defined by their large, full clusters of flowers and this new variety is no exception, with romantic sunrise colors in large, bowl-shaped blooms. Excellent color retention and strong disease resistance.

Flower Color: Soft gold
Height/Habit: Medium/Even rounded & bushy
Bloom/Size: Old-fashioned, elegant & very full/ Medium-large, around 3½-4½ inch diameter, some single, mostly in small clusters (70 to 110 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate tea

** Regular fungicide applications recommended in humid areas with regular rainfall*

Picture Perfect™

Hybrid Tea • cv. WEKmamoprela • PPAF

A classic Hybrid Tea with eye-catching hot pink petals, made more striking by solid cream color on the reverse of each petal. The cream reverse color really makes the hot pink "jump" out. Elegant flowers with shapely pointed, spiraling buds. A true Hybrid Tea with one long-stem per flower, makes ***Picture Perfect*** "perfect" for stunning bouquets. Re-blooms throughout the season, so you can bring the beauty inside for bouquets all summer long! Large double flowers hold their vivid color until the petals drop. As the petals drop, they will sprinkle hot pink petals on the ground for an extra visual attraction. Mature petals drop leaving a clean appearance, rather than turning brown and holding on the stem as many older varieties do.

Flower Color: Fuchsia pink with white reverse
Height/Habit: Medium-tall/Upright moderately spreading
Bloom/Size: Spiraled, elegant & double/Large, around 4-5 inch diameter, single (30 to 40 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate tea
Cut Flower: Yes
Available As: **1)** Bareroot, Budded
2) Leaf N' Bud® #3 Container

Sultry Night™

Shrub • cv. WEKswipufste • PPAF

Sultry Night Shrub Rose features large flowers in magenta pink with hints of blue. Each petal has a lighter reverse, adding a mystical shine to this shrub rose and an unforgettable heat to the garden. While the flower size of this shrub rose is smaller than the bloom size of Floribunda roses, clusters of eight to fifteen large blooms open at once for a fairytale display of color. Resistant to powdery mildew and rust, this magical rose shrub will have you spellbound.

Flower Color: Magenta fading magenta-purple with lighter reverse
Height/Habit: Medium-small/Bushy rounded
Bloom/Size: Old-fashioned, cuppy & very double/Medium, around 3 inch diameter, in medium sized clusters (60 to 100 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate sweet grapefruit
Cut Flower: No
Available As: **1)** Bareroot, Budded
2) Leaf N' Bud® #3 Container

Uptown Girl™

Grandiflora • cv. WEKabacima • PPAF

As sweet and fashionable as its namesake, ***Uptown Girl*** is a must-have for a showy backyard garden or set in front of a bay window. An old-fashioned style rose, ***Uptown Girl*** blooms with the "quartered" look typical of English roses. Its petals are tucked into a cup shape, in serried ranks with a scalloped appearance. Medium-sized, coral-pink flowers feature a darker reverse and outstanding color retention. If you haven't tried grandifloras, this is a great beginner's rose, thanks to its resistance to rust, powdery mildew, and downy mildew. Grandiflora roses are a combination of hybrid teas married with floribundas, and achieve the graceful blooms of a tea with the hardiness and zeal of the floribunda.

Flower Color: Warm coral pink with a deeper orange-toned interior
Height/Habit: Medium/Rounded & bushy
Bloom/Size: Old-fashioned, spiraled & fully double/ Medium-large, around 3½-4½ inch diameter, mostly single (70 to 90 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate fruity & spices
Cut Flower: Yes
Available As: **1)** Bareroot, Budded

Diamond Eyes™

Patio • cv. WEKwibypur • Pat.#26,202

Mysteriously novel black-purple flowers with a strong clove spice perfume. That's a killer combo that will seduce even regular rose lovers to try this little gem. Her sparkling white 'eye' lights up each velvety blossom, making the unique color illuminate against the background of glossy green leaves. Tucks easily into any landscape...but also makes a striking conversation piece in a decorative pot or as an 18" tree. Darkens up in cooler conditions.

Flower Color: Black-purple/White 'eye'
Height/Habit: 14 to 18 inches/Bushy
Bloom/Size: Medium/double (18 to 22 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Strong clove & spice

About Face™

Grandiflora • cv. WEKosupalz • Pat.#17,305

This bi-color medal-grabber is a lasting golden-orange on the inside with a distinct darker bronze-red outside. Yet it's not just the flying colors that will cause a flap. It's a turning point as a plant, too, with superb vigor, lush clean green leaves and loads of bloom.

Flower Color: Golden-orange in/Bronze-red out
Height/Habit: Tall/Very upright
Bloom/Size: Medium-large/Fully double (Around 35 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Light fresh-cut apple
Cut Flower: Yes
Available As: **1)** Budded, Bareroot

All My Loving™

Hybrid Tea • cv. FRYrapture • PPAF

Classically formed flowers on long stems are perfect for bouquets. Produces an abundance of large, dazzling pink flowers throughout the growing season. Classically shaped flowers are held up high above foliage creating an eye-catching show. Easy to cut since the long-stemmed flowers are held high on top of the plant. ***All My Loving*** is a true Hybrid Tea with one large flower per stem. Whether you live in a colder rainy area of the country, or the sunshine state of California, the petal color will stay true until the petals drop. Attractive, large clean leaves and overall excellent vigor, insures a profuse number of blooms.

Color: Light red to dark pink
Height/Habit: Tall/Upright to slightly spreading
Bloom/Size: Large, 4-5"/Single, high centered & fully double (30 to 40 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate tea with sweet spices

Anna's Promise®

Grandiflora • cv. WEKdoofat • Pat.#27,865

With a 'dad' like the AARS winner ***About Face***, you can only expect the new rose 'kid' to be GREAT. The 'kid' inherited the novel golden tan with copper reverse flower colors of 'dad' but the 'son' has larger flowers and improved flower form. The sweet & spicy, fruity fragrance will freshen up your garden. It's like having a basket full of juicy grapefruit and freshly sliced apples under your nose! Also stunning as a centerpiece bouquet. The new vigorous and prolific bloomer rose 'baby' is well clothed with clean deep glossy green foliage. Blooms prolifically throughout the growing season.

Flower Color: Bicolor golden tan & pink blush with a copper reverse
Height/Habit: 5'/Very rounded & bushy
Bloom/Size: Medium/Double, single or in small clusters (Around 35 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderately spicey
Cut Flower: Yes
Available As: **1)** Budded, Bareroot
2) Leaf N' Bud® #3 Container

Barbra Streisand

Hybrid Tea • cv. WEKquaneze • Pat.#13,120

Avid rose lover, Barbra Streisand, was very choosy when it came to picking her rose namesake. The large long-stemmed lavender blooms can nearly over-power you with the strong rose & citrus blossom fragrance. Her vigorous plant bears loads of long-stemmed beauties surrounded by deep glossy green leaves. Flower color & size do best in milder temperatures. Very fragrant, with striking foliage, dramatic in a vase or in outdoor beds. Minimal thorns.

Flower Color: Rich lavender blushing darker
Height/Habit: Medium/Upright, bushy
Bloom/Size: Large, fully double (25 to 30 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Strong rose & citrus blossom
Cut Flower: Yes
Available As: **1)** Budded, Bareroot
2) Leaf N' Bud® #3 Container

Blue Girl

Hybrid Tea

Although disguised under the guise of 'blue', the clear clean lavender tones and large blooms produced by this vigorous plant makes her a breakthrough in the older lavender roses. Best form & size in cool weather.

Flower Color: Silvery lilac-lavender
Height/Habit: Medium/Bushy
Bloom/Size: Large, double (30 to 35 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Lightly fruity
Cut Flower: Yes
Available As: **1)** Budded, Bareroot
2) Leaf N' Bud® #3 Container

Chantilly Cream™

Hybrid Tea • cv. WEKmedamely • PPAF

The soft yellow double elegant blooms of ***Chantilly Cream*** ar typical of a classic hybrid tea, expelling a strong, very sweet fragrance. An overall full plant, it produces a nice, vigorous bush. Features long-lasting colours and very strong resistance to such diseases as rose rust, downy mildew and powdery mildew.

Color: Soft yellow
Height/Habit: Medium-tall/Upright moderately spreading
Bloom/Size: Spiraled, elegant & very double/ Large, around 4-5 inch diameter, mostly single (50 to 145 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Strong fruity & citrus

Ch-Ching!™

Grandiflora • cv. WEKyesir • Pat.# 21,989

With this color sport (mutation) of ***Strike It Rich***, our 2007 AARS winner, you can hit the jackpot again. It cashes in with all the same great plant qualities—same super vigorous bushy clean plant that flowers like a weed. But it's just a different color—a clear long-lasting even glowing yellow. Very deep red new shoots & dark green leaves set off the many showy clusters of blossoms.

Flower Color: Lasting lemon yellow
Height/Habit: Medium-tall/Upright & bushy
Bloom/Size: Large/Double, informal (About 30 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate sweet spice & fruit
Cut Flower: Yes
Available As: **1)** Budded, Bareroot

Chicago Peace

Hybrid Tea

First discovered in the Windy City, this brighter and deeper-toned mutation of the famous ***Peace*** rose has a fine reputation that follows in the footsteps of its parent. It possesses the same large opulent flowers, the same big quilted glossy apple-green leaves, and the same handsome bushy plant. Best color east of the Rockies.

Flower Color: Gaudy blend of phlox pink and canary yellow
Height/Habit: Medium/Upright
Bloom/Size: Large, very double (40 to 45 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Slighty fruity
Cut Flower: Yes
Available As: **1)** Budded, Bareroot

Chris Evert

Hybrid Tea • Non-Patented

Some might call it orange-yellow, others yellow-orange—but the scarlet blush 'served' at the finish of the flower is 'game point'. The 'match' is completed by a well-behaved clean plant for these showy well-formed blossoms. Deep red new foliage and large green leaves put on the final 'top-spin'. You'll 'love' it. Better size in cool weather. Consistent color.

Flower Color: Melon orange blushing red
Height/Habit: Medium/Upright
Bloom/Size: Large, double (25 to 30 petals)

Dick Clark

Grandiflora • cv. WEKfunk • Pat.#23,455

Black-red buds spiral open to show off swirls of cream edged & washed with vibrant cherry pink. But that's not the end of the exhibit on these classically-formed flowers. When the sun strikes the petals, they begin to blush burgundy, finishing as a deep dark red. Put all this color against super-shiny-green foliage with nice long cutting stems and you've got a killer combo. Easy to grow & great vigor. Largest flower size in cooler temps.

Flower Color: Cream & cherry blushed burgundy
Height/Habit: Medium-tall/Broadly rounded & bushy
Bloom/Size: Medium-large, double (25 to 30 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Light cinnamon spice

Dream Come True™

Grandiflora • cv. WEKdocpot • Pat.#20633

The love of the rose struck Dr. John Pottschmidt like a ton of bricks, becoming a driving force in his life. One of his many rosy goals was to breed an AARS winner that everyone can enjoy. ***Dream Come True*** does just that. Its big clean vigorous bushy plant pumps out loads of long-stemmed scrumptious shapely yellow blooms edged in ruby red. Each eye-catching flower blushes to all-ruby on the finish, giving a multi-colored display that's truly dreamy in every way. Larger flower size in cooler temps.

Flower Color: Golden yellow edged & blushed with ruby
Height/Habit: Tall/Upright & bushy
Bloom/Size: Large, full (Around 40 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Mild tea/

Falling in Love™

Hybrid Tea • cv. WEKmoomar • Pat.#19,872

Whether you're experiencing it 'again' or for the 'first time', ***Falling in Love*** (the rose) makes your heart pitter-patter with its big classically-formed fragrant flowers of warm pink & porcelain white. Each long-lived lovely blossom is regally carried atop sturdy stems, just waiting to be cut & enjoyed ...or maybe just admired in the garden on the bushy attractive plant. Destined to garner its share of awards, we're certain you'll swoon over ***Falling in Love***. Loads of bloom. Larger size in cooler conditions. Very tall canes in the fall produce spectacular classic Hybrid Tea flowers, perfect for bouquets. Vigorous plants tolerate diseases better than other Hybrid Tea roses.

Color: Warm pink with a cream reverse
Height/Habit: Medium-tall/Upright, full & bushy

Firefighter®

Hybrid Tea • cv. ORAdal

A big super-fragrant long-stemmed rich-red Hybrid Tea is the epitome of the classic rose in many people's minds. That's why there could be no better choice for the first sponsorship rose of the 'Remember Me' garden fund. Each plant sold will contribute toward the fund's effort to honor the victims of 9-11. You'll love the vigorous bushy plant that provides armloads of buxom blossoms. Lots of clean green leaves keep it looking good in the garden, too. Cooler temps give the best red color.

Flower Color: Dusky velvet red
Height/Habit: Medium-tall/Upright & bushy
Bloom/Size: Large, formal (40 to 45 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Intense old rose
Cut Flower: Yes

First Prize

Hybrid Tea

The top exhibition rose in the U.S. for a decade, ***First Prize*** lived up to its name by setting the standard for high-centered classical form. Its huge pointed buds spiral open like a fine ballerina in a costume of shimmering pinks. The large flowers are carried on stout long stems with tough leaves. Established plants give best bloom in the spring.

Flower Color: Swirled hues of rose-pink
Height/Habit: Medium-tall/Slightly spreading
Bloom/Size: Very large, double (25 to 30 petals)
Re-Bloomer: Repeat blooms throughout season

Fragrant Cloud

Hybrid Tea

It's hard to find words to describe the heady delicious perfume that effuses from this captivating well-formed coral-orange—sometimes clove, often spicy, definitely sweet and mostly rose. Lots of large shapely blooms are produced on a vigorous bushy plant with dark glossy green foliage. Deepest color in cool conditions.

Flower Color: Deep coral red-orange
Height/Habit: Medium/Bushy
Bloom/Size: Large, fully double (25 to 30 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Strong sweet spice & rose
Cut Flower: Yes
Available As: **1)** Budded, Bareroot
2) Leaf N' Bud® #3 Container
3) Tops In Pots™ Dormant Potted

Fragrant Plum

Grandiflora

Imagine the rose ***Paradise*** with more blue, mysterious smoking and marvelous fragrance. Then dream on about a vigorous tall plant that produces armloads of very long elegant buds atop premium-length cutting stems. Now picture this pretty plum-colored Grandiflora with lush deep green foliage at home in your garden. Color brightens with some heat. Best form when cool.

Flower Color: Lavender blushing purple
Height/Habit: Tall/Upright
Bloom/Size: Medium-large, double (20 to 25 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate fruity
Cut Flower: Yes
Available As: **1)** Budded, Bareroot

Full Sail

Hybrid Tea

Seems that fragrance in white roses has somehow been an elusive combination. So when the wonderfully scented ***New Zealand*** produced a white color sport (mutation), it was a welcome surprise. Other than color, it's got all the great qualities of "Mom"–great glossy foliage, beautiful flower form, etc. But best of all, it's got that heady honeysuckle perfume that'll make you swoon with just one sniff. Opens best when temps are consistent. Best flower size when cool.

Flower Color: Bright white
Height/Habit: Medium/Upright
Bloom/Size: Large, fully double (30 to 35 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Strong honeysuckle
Cut Flower: Yes
Available As: **1)** Budded, Bareroot
2) Leaf N' Bud® #3 Container

Fun in the Sun™

Grandiflora • cv. WEKpupmobalip • PPAF

This new Grandiflora maintains its color to the end and provides a delightfully intense, fruity scent, inviting butterflies and other pollinators to the garden. It's a true English-style rose that contains 60-85 petals in each of its 3-4" flower heads, appearing in clusters of 5 or 6 blooms per stem. True to its name, ***Fun in the Sun*** thrives in full sun with thorough watering early in the day. It's perfect for bringing a sophisticated ambiance to border gardens. We love it as an eye-catching focal point in bouquets and vases, too.

Flower Color: Gold suffused with pink
Height/Habit: Medium/Upright
Bloom/Size: Old-fashioned, cuppy & very double/ Medium-large, 3-4" diameter, in small clusters. (60 to 85 petals)
Fragrance: Strong fruity & spices
Cut Flower: Yes
Re-Bloomer: Repeat blooms throughout season
Available As: **1)** Budded, Bareroot

Gold Medal

Grandiflora

Here's a yellow that stands in defiance against the climatic throes of Mother Nature. The very vigorous plant gives a nearly constant supply of shapely dark gold buds brushed with orange and deep golden yellow flowers. The long stems are low-thorned and clothed with large very resistant deep green foliage. Deeper color in moderate climates.

Flower Color: Golden yellow suffused orange
Height/Habit: Very tall/Upright
Bloom/Size: Medium-large, double (30 to 35 petals)

Good as Gold

Grandiflora • cv. WEKgobafa • Pat. #26,170

Some might say "orange", some "gold", some "amber" or maybe it is even double-dipped "yellow". However your eyeballs perceive it, we can guarantee it is bold & beautiful, especially with the kiss of red on the finish. This handsome bushy bouquet machine will fill your garden with loads of long-stemmed lovelies clothed with a clean gown of rich green. Certainly not for the faint of heart...nor for the lovers of pastels, she'll make a big bold statement in the landscape. An attention grabber...deluxe!

Flower Color: Deep golden orange-yellow finished with a kiss of red
Height/Habit: Tall/Upright & bushy
Bloom/Size: Double, formal/Medium to large, up to 5" in diameter (Around 30)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Grapefruit & citrus

Grande Dame™

Hybrid Tea • cv. WEKmerewby • Pat.#23,476

Here's a clean mean flowering machine whose big bountiful beauties reek with old rose romance, style & fragrance. Each lovely blossom invites you to bury your nose...to swoon from the perfume of the 'old time' roses of your dreams. A big vigorous 'shrubby' bush whose nodding clusters, abundant deep-green leaves & low-thorned cutting stems provide a perfect touch to a landscape or bouquet.

Flower Color: Super saturate rose-pink
Height/Habit: Tall/Upright & bushy
Bloom/Size: Full, old-fashioned, in nodding clusters (Over 30 broad petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Intense old rose

Happy Go Lucky™

Grandiflora • cv. WEKsirjuci • Pat.#26,170

BIG fragrant & full old-fashioned blossoms of pure yellow have all the charm of an English rose but born on this side of the pond. Yet it easily bests the disease resistance of any English variety hands down retaining its gown of rich green foliage. The vigorous bushy plant flowers like a fool well into the season without turning into a sprawling stingy space-eater in the landscape. With a bloodline like this, you know it's gotta be good.

Flower Color: Even pure yellow
Height/Habit: Medium-tall/Upright to somewhat rounded, very bushy
Bloom/Size: Very double, old-fashioned/Large, up to 6 inch diameter (Around 40 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate fruity & tea

Heirloom

Hybrid Tea

Magenta buds spiral open to varying tones of lilac & lavender. A wonderful cutting rose, ***Heirloom's*** sturdy stems bear flowers both singly and in clusters, clothed with glossy dark green leaves. Yet, it's that fragrance that has kept her in high regard. It's an allusive scent of apple, wine & ripe raspberries. Best flower size & most intense color in cool conditions.

Flower Color: Lilac lavender blend
Height/Habit: Medium/Upright
Bloom/Size: Medium-large, double, well-formed (Around 30 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Strong sweet
Cut Flower: Yes

Hotel California

Hybrid Tea

We're 'livin' it up' with this great large-flowered clear-yellow Hybrid Tea. Despite its regional U.S. name, it actually comes from the Orard family in central France ...'such a lovely place'. If you're looking for long cutting stems, elegant big buds & glossy foliage, 'you can find it here'...most 'any time of year'. Best color & flower size in cooler temps.

Flower Color: Clean even medium yellow
Height/Habit: Medium-tall/Upright

In the Mood™

Hybrid Tea • cv. WEKfrancoly • Pat.#19,373

Nothin' says lovin' like a red rose. But here's a really-red rose that turns up the heat with big round petals virtually dripping with super-saturated redness. Each big buxom blossom holds that very same brilliance until they fall exhausted from the bushy prolific plant. The long lovely stems are swathed in gobs of gray-green leaves. If red is your thing, then this is the 'it' rose for you. Clear color in any weather. Improves with establishment.

Flower Color: Vivid true red
Height/Habit: Medium/Upright, bushy
Bloom/Size: Large, double, classic Hybrid Tea (25 to 30 petals)
Fragrance: Mild tea
Cut Flower: No
Available As: **1)** Budded, Bareroot

Ink Spots

Hybrid Tea

There's something alluring and mysterious about the near-black flowers. This is the darkest rose we offer. Its black pointed buds gracefully open to very well-formed velvety dark red blooms. Super large dark green foliage covers the bushy plant. Stands up to all types of weather. Very dark. Size can shrink in heat.

Flower Color: Blackened velvety red
Height/Habit: Medium-tall/Upright to slightly spreading
Bloom/Size: Medium-large, full (30 to 35 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: None
Cut Flower: Yes
Available As: **1)** Budded, Bareroot

John F. Kennedy

Hybrid Tea

Beloved by many, cherished mostly as a tribute to the popular President, the slow-opening, very large flowers of rich white start off with an unusual greenish cast in the bud stage. The extra full petalage stands up well to hot weather. Needs warm night temps to open best.

Flower Color: Greenish white
Height/Habit: Medium/Bushy
Bloom/Size: Large, very full (40 to 45 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Slight licorice
Cut Flower: Yes
Available As: **1)** Budded, Bareroot

Just Joey

Hybrid Tea

Just scrumptious or just wonderful or just apricot is understandable — but ***Just Joey***? Never-the-less, the big brandy-colored buds, the large ruffled apricot flowers and the huge glossy green leaves have intoxicated many a rose lover. An immigrant from England, the bushy vigorous plant takes well to our shores. Deepest color in moderate consistent temperatures.

Flower Color: Delicious rich apricot
Height/Habit: Medium/Rounded
Bloom/Size: Large, shapely (25 to 30 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Fruity
Cut Flower: Yes
Available As: **1)** Budded, Bareroot

Lasting Love®

Hybrid Tea • cv. ADHarman • Fragrant

Lasting Love is not the bright red of ***Olympiad***, but the powerful perfume will give ***Mister Lincoln*** a run for his money. Big showy blooms of blended dusky red and dark pink glimmer against foliage so gloriously glossy it almost looks artificial. Burgundy red new growth makes a most handsome plant for all to enjoy. More red in milder temperatures.

Flower Color: Dusky red
Height/Habit: Medium/Upright
Bloom/Size: Large, double (Around 25 petals)
Re-Bloomer: Repeat blooms throughout season

Let Freedom Ring™

Hybrid Tea • cv. WEKearman • Pat.#17,821

Many think the pinnacle of rosedom is a long stemmed red Hybrid Tea with scrumptious big buds. But ponder the thought a little farther to include impeccable flower form & great vase life. Now you're getting the idea of ***Let Freedom Ring***. This striking trophy-stealer was lovingly created by WWII veteran & amateur hybridizer, Ernest Earman of Virginia. More red in cool conditions. Fantastic year-round form.

Flower Color: Strawberry red
Height/Habit: Medium-tall/Upright
Bloom/Size: Large, double & high centered (Around 25 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate tea

Legends™

Hybrid Tea • cv. WEKsiamia • Pat.#21,816

Monstrous buds & humungous blossoms of rich ruby red hold their durable brilliance from beginning to end. Immense petals (just one can cover a child's palm) lend a classical Hybrid Tea bud shape, slowly spiraling open to a ruffled whopper of a show-stopper. Large lettuce-like leaves of an unusual red-green color gracefully enrobe the long cutting stems—in perfect proportion to the flower. Most massive in the spring.

Flower Color: Ruby red
Height/Habit: Medium-tall/Upright
Bloom/Size: Massive, full & ruffled (Near 30 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Slight fruity
Cut Flower: No

Love at First Sight™

Hybrid Tea • cv. WEKmedatasy • PPAF

This variety is not your grandma's old Hybrid Tea. It has improved qualities such as vigorous upright yet compact well-balanced habit with abundant large glossy disease resistant foliage, great for mixing with other plants in the landscape or to grow in a pot. It's hard not to fall in love with the abundance of well-formed red & white bicolor flowers. The love for these flowers goes on and on as the medium red coloration lasts until the petals drop. The medium-long length stems with rounded, globular and very full of petals flowers of ***Love at First Sight*** are perfect for a trendy bouquet that can be used to spread the love to friends and family. So, are you in love yet?

Flower Color: Red & white bicolor

Moonstone™

Hybrid Tea • cv. WEKcryland • Pat.#11,384

Sometimes it takes a jewelers loop to fully examine the worth of a gemstone. But this jewel of a Hybrid Tea flower is so big, you won't need any help to see the impeccable beauty of its classic show form and pearly colors. Her many blooms almost look sculpted from fine porcelain. Yet they're held atop all-too-real cutting stems clothed with large dark green leaves. Prefers some heat to bring out the best form.

Flower Color: White finely edged with pink
Height/Habit: Medium/Upright
Bloom/Size: Very large, fully double (30 to 35 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Mild tea & rose
Cut Flower: Yes

Neil Diamond

Hybrid Tea • cv. WEKdereroro • Pat.#27,272

Get the shovel out and prepare the best spot in your garden so you can admire the ***Neil Diamond*** rose. It is a true 'diamond' bloomer producing numerous sizeable flowers and attractive buds on long cutting stems. For a touch of elegance in your garden, add this gem of a rose with its novel pink and white striped flower coloration. The hit song 'Sweet Caroline' reaches a new level of appreciation after this rose has ignited your senses with its intense floral aroma of sweet & classic rose fragrance. The plant stands strong with its vigorous upright habit allowing you to have the flowers at nose level, ready for a sniff!

Flower Color: Pink with white stripes
Height/Habit: Tall/Upright
Bloom/Size: Double & classically formed/medium large, about 4 to 5 inch diameter (40 to 50 petals)

Neptune™

Hybrid Tea • cv. WEKhilpurnil • Pat.#16,614

Can an aquatic divinity enjoy fragrance? If so, Neptune would surely be spirited away after one sniff of his very own rose. You'll idolize the big blossoms of luscious lavender tinged with just a touch of purple. Certain to garner awards, the abundant blooms arrive on a praise-worthy plant with large glossy green leaves, good vigor and strong vitality. It's no myth, just take a whiff! Best bloom size in cooler temps.

Flower Color: Rich lavender kissed purple
Height/Habit: Medium/Upright, bushy

Oklahoma

Hybrid Tea

You might not expect the Sooner sister of ***Mister Lincoln*** to have such a dusky dark red color. But yes, she does have the same delicious scent. This most known of the black-reds produces big buds and graceful flowers on a bushy plant beset with large leaves. Darkest color & best performance with some heat.

Flower Color: Black velvet red
Height/Habit: Medium/Bushy
Bloom/Size: Large, fully double (40 to 45 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Strong rose

Over the Moon™

Hybrid Tea • cv. ORAclelon • Pat.#21,577

Reminiscent of a monstrous silk rose on a lady's hat, big voluptuous deep-apricot buds spiral open to slightly-softened caramel-sugar tones that glow like a beacon against the lush green leaves. The rounded, bushy & vigorous plant allows it to be placed in the landscape where it can easily show off its luxurious lusciousness. Does best with establishment.

Flower Color: Voluptuous warm apricot
Height/Habit: Medium-tall/Upright & bushy
Bloom/Size: Large, classical form (Over 30 broad petals)

Painted Porcelain™

Hybrid Tea • cv. WEKmostadabre • PPAF

Add a dash of sophistication and a blush of colour to your cottage garden, rose bed or flower border with this elegant variety. Lovely buds unfurl to release classically shaped, 3½–4" blooms with 25 to 30 petals and enough sweet fragrance to attract butterflies and other pollinators. Each flower has a butter-yellow centre, a white base and light pink outer petals, giving it the look of delicate, hand-painted porcelain. This is an upright, moderately spreading rose with attractive, dark green foliage.

Flower Color: White splashed pink with cream reverse
Height/Habit: Medium-tall/Upright moderately spreading
Bloom/Size: Spiraled, elegant & double/Medium, 3½-4", mostly single with 25 to 30 petals. Attracts butterflies and other pollinators.
Re-Bloomer: Repeat blooms throughout season
Fragrance: Mild fruity & Tea
Cut Flower: Yes
Available As: **1)** Budded, Bareroot

Parade Day™

Grandiflora • cv. WEKmeroro • Pat.#28,990

Remember the excitement of lining up in the street as a child to see a parade? Well, we took care of bringing this joy into your garden with the rose ***Parade Day***. The swirl of bright white and fuchsia pink novel coloration brings to mind the movements of the floats. And don't worry - the show will not be over soon as the flower color holds until the petals drops. Just as fond childhood memories include both sights and smells, ***Parade Day*** blooms profusely with elegant buds and flowers accompanied by a very pleasant strong citrus-like fragrance with hints of spices. The petals of each bud are perfectly organized like a well-synchronized marching band. The rhythm created is enhanced with attractive large foliage on a well-covered vigorous plant. Now, let's bring family and friends into the garden to enjoy the performance!

Flower Color: Fuchsia pink striped with bright white
Height/Habit: Medium-tall/Upright & bushy
Bloom/Size: Spiraled, formal & double/Medium-large, 3-4½" diameter (25 to 40 petals)
Re-Bloomer: Repeat blooms throughout season

Perfume Factory™

Hybrid Tea • cv. WEKnewibpusbi • PPAF

If you love tea roses, you'll just adore ***Perfume Factory***! This aromatic superstar emerges in early summer with large, magenta-plum blooms that are simply sublime. Flowers with great substance reach 4" across and boast layers of soft petals and a strong spicy-fruity scent. The bushy, upright plants are perfect for creating a perfumed walkway or adding bold colour to sunny borders. Excellent resistance to powdery mildew and rust.

Flower Color: Magenta fading lavender-pink
Height/Habit: Medium-tall/Upright moderately spreading
Bloom/Size: Spiraled, classic & double/Medium-large, 3½-4" diameter, mostly single (40 to 50 petals)
Re-Bloomer: Repeat blooms throughout season

Pink Peace

Hybrid Tea

This derivative of ***Peace*** had great aspirations to match the fame of its parent. It never quite made it that far, but it's certainly a splendid pink rose. The rounded vigorous bush produces large shapely lustrous clear pink flowers with a sweet fragrance and deep green foliage. Performance improves with warmer temperatures.

Flower Color: Bright deep pink
Height/Habit: Medium/Upright
Bloom/Size: Large, very double (50 plus petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate rose

Pop Art™

Grandiflora • cv. WEKgoagroro • PPAF

Unlike most striped roses, which typically feature red blooms with light yellow striping, the flowers of this unique variety are pastel pink with stripes that are deeper yellow. As a non-clustering Grandiflora, its lush flowers grow one to a stem, not together in bunches. You'll appreciate how the glossy foliage sets off the blooms so well. ***Pop Art*** offers long-lasting colors, a moderately fruity scent, and very strong resistance to diseases such as Rust and Powdery Mildew.

Flower Color: Pink & yellow striped
Height/Habit: Medium-tall/Upright moderately spreading
Bloom/Size: Old-fashioned, cuppy & very double/ Large, 4-4½" diameter, mostly single (65 to 75 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Fruity & citrus

Pretty Lady Rose™

Hybrid Tea • cv. WEKdadoda • Pat.#28,719

This elegant English-style beauty displays both strength and elegance. LARGE old-fashioned multi-petaled aristocratic-like deep pink flowers are enhanced by a sweet scented peony-like and spice fragrance. This well dressed lady wears an evening gown of healthy bright glossy medium green foliage. With her compact habit, this selection brings elegance to smaller spaces of the garden and also looks great in a pot. ***Pretty Lady Rose*** holds her flowers at the perfect height to be admired and to allow you to enjoy their aroma.

Flower Color: Dark even pink
Height/Habit: Medium/Upright & compact

St. Patrick®

Hybrid Tea • cv. WEKamanda

The luck of the Irish may have finally brought a super slow-opening yellow rose that takes the heat. This saintly yellow can pick up a touch of gold in cool weather, but he'll be wearin' the green when the temps turn up. Loads of slow-opening novel chartreuse-shaded buds spiral open to yellow gold flowers of amazing stamina. Grey-green foliage. Heat brings out the novel color & best form.

Smokin' Hot™

Hybrid Tea • cv. WEKmopaga • PPAF

This rose is the proof of the old adage 'there's no smoke without fire'. You can clearly see the smoky purple overlay on the fiery orange petals of Smokin' Hot. Quite unique! Bring the fire indoors with an attractive bouquet of these novel flowers produced singly on long stems. The plant is a bouquet factory and the flowers will look gorgeous on the table or on the fireplace mantel. But don't worry, you won't burn yourself! This rose isn't just all about flames and smoke. The combustion is cooled down by the glossy medium green background foliage. And just like 'smoke rises', so does this upright and very vigorous bush.

Flower Color: Dark orange overlaid with purple smoke with white reverse
Height/Habit: Tall/Upright to slightly spreading
Bloom/Size: Spiraled & double/Medium-large, around 3½-4 inch diameter (25 to 30 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate tea and spices
Cut Flower: Yes
Available As: **1)** Budded, Bareroot

State of Grace™

Grandiflora • cv. WEKspodotogi • PPAF

State of Grace exemplifies the improved modern antique style. The stylish, attractive old-fashioned soft apricot-gold blossoms with a dark pink reverse are as beautiful in the garden as in a vase. The old-rose romance, style and fragrance was maintained but we improved the disease-resistance and ensured the plant is very well-balanced with a rounded even habit that is not too tall and rangy so you can still enjoy the prolifically produced blooms at eye level.

Flower Color: Soft apricot-gold with dark pink reverse
Height/Habit: Medium/Rounded & bushy
Bloom/Size: Spiraled, old-fashioned & very double/ Medium, around 3½-4 inch diameter (30 to 65 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate fruity
Cut Flower: Yes
Available As: **1)** Budded, Bareroot

Strike It Rich®

Grandiflora • cv. WEKbepmey • Pat.#19,144

Loads of bloom & super-long elegant buds of gold polished with rosy pink. The long-lasting sparkling yellow-orange tones are rich & opulent enough to bring out the gold digger in any gardener. Very dark green leaves & unusual red stems set off the many showy clusters of blossoms.

Flower Color: Deep golden yellow spun with orange-pink
Height/Habit: Medium-tall/Upright & bushy
Bloom/Size: Large, double, informal (About 30 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate sweet spice & fruit

Sugar Moon™

Hybrid Tea • cv. WEKmemolo • Pat.#23,475

White roses exude elegance...but not much in the way of fragrance...until now! In this case, 'exude' is too delicate a word 'cause this honey will bulldoze you down with its powerful cold-cream perfume. Big pointed buds spiral open to show off broad petals of the purest white you can imagine. Black-green leaves make the pure white posies pop all the more. Good rebloom, natural vigor & long cutting stems make this a perfect addition for a cutting garden...or even just a smellin' garden.

Flower Color: Super fragrant pure white
Height/Habit: Tall/ Very upright & bushy
Bloom/Size: Full, classically formed (30+ petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Intense sweet citrus & rose
Cut Flower: Yes
Available As: **1)** Budded, Bareroot

Sunset Celebration™

Hybrid Tea

Sometimes sunset hues are apricot burnished with cream, sometimes amber-orange blushed with warm pink and sometimes a clear warm rich peach. It just depends on which sunset. All these colors can come forth from this attractive well-formed Hybrid Tea, depending on your locale. No matter where it's grown, though, the plant fills out beautifully, full of clean green foliage and long stemmed blossoms. Winner of many international awards. Deeper colors in cooler conditions.

Flower Color: Creamy apricot-amber blend
Height/Habit: Medium/Upright
Bloom/Size: Large, full (35 to 40)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Light fruity
Cut Flower: Yes
Available As: **1)** Budded, Bareroot

Tiffany

Hybrid Tea

The fine family of American artisans couldn't have chosen a more exquisite rose to carry their name. Its pure pink colors glow with the yellow 'light' in the heart of the large well-formed flowers. Sweet fragrance and dark green foliage adorns each jewel of a bloom. Good performer. Best color with some heat.

Flower Color: Phlox pink/yellow base
Height/Habit: Medium-tall/Upright
Bloom/Size: Large, double (25 to 30 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Sweet fruity
Cut Flower: Yes

Touch of Class

Hybrid Tea

Her large luminous blossoms are the epitome of rose form—slowly spiraling open, yet stubbornly retaining the pin-point center. The indescribable blending of orange, pink and cream in the pointed buds finish a warm coral. Her vigorous plant gives lots of long stems complemented by deep green leaves and mahogany new growth. Best color in moderate temperatures. Consistent form.

Flower Color: Glowing coral-pink
Height/Habit: Medium-tall/Bushy
Bloom/Size: Large, double (About 30 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Slight tea

Arctic Blue™

Floribunda • cv. WEKblufytirar • PPAF

The tons of lilac pink blossoms of the ***Arctic Blue*** rose are like a cold arctic breeze coming to your garden. The cool tones are chilled by the unique lavender blue finish and iced with cream on the reverse of the petals. The flowers hold up well, even in high heat. The very shapely flower buds open slowly, as if they were frozen in time at their mostbeautiful stage for longer enjoyment; the blooms are attractive to the very end when the opened flowers let go of their petals, showering the ground in iced lavender blue snow. The drought tolerant, vigorous plant is dressed with a glossy green winter jacket of leaves, isolating and protecting the upright bush from mother nature's diseases, allowing the plant to produce a nonstop snow storm of flowers.

Flower Color: Lilac pink fading lavender blue with cream reverse
Height/Habit: Medium-tall/Upright moderate spreader
Bloom/Size: Medium, 3-4"diameter, medium sized clusters (35 to 40 petals)/Spiraled, shapely & double
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate fruity to citrus-like

Belinda's Dream

Shrub/Floribunda

No, you're not hallucinating...a rose that truly resists black spot is no longer just a pipe dream. This pretty-in-pink hybrid battles the dreaded fungus with amazing ease, keeping its medium green leaves all season long — from the top to the bottom of its bushy plant. Shapely buds open to fully double old-fashioned flowers. Thrives best in hot humid summers. Requires hot nights. Black spot free.

Flower Color: Even medium pink
Height/Habit: Medium/upright
Bloom/Size: Medium-large, very double (Over 45 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate fruity

Brilliant Pink Iceberg

Floribunda • cv. PRObril • Pat.#12,645

This color mutation of the renowned ***Iceberg*** hails from Tasmania. The plant is exactly like its parent in every way but color–same great landscape value, free flowering habit, foliage, flower form & showy clusters. It's just that the color has been kicked up a notch to a bright cerise pink painted onto cream. Color intensifies in cooler conditions.

Flower Color: Bright pink & cream blend
Height/Habit: Medium-tall/Rounded, bushy
Bloom/Size: Medium, double, in clusters (18 to 24 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Mild honey
Cut Flower: No
Available As: **1)** Budded, Bareroot

Burgundy Iceberg

Floribunda • cv. PROse • Pat.#16,198

Painted colors of deep purple-red, burgundy & cream, terrific flower power, bushy habit, lovely buds, showy clusters, glossy green foliage and nearly thornless stems. Seems to always be in bloom. Perfect for the landscape—either in mass, standing alone or atop a beautiful tree rose. Darkest color in cooler temps. Super flowerful.

Flower Color: Purple-red burgundy/cream reverse
Height/Habit: Medium-tall/Rounded & bushy
Bloom/Size: Medium, double, in clusters (20 to 25 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Mild honey
Cut Flower: No
Available As:

Burst of Joy™

cv. WEKlovapkemu • PPAF • Floribunda

Kaboom! If you are still standing on your feet after admiring the flowers of ***Burst of Joy*** in your garden, you have great balance because those electric and vivid flowers of brilliant orange with bright yellow reverse coloration will knock your socks off. The eruption of radiant colors comes in perfectly shaped buds and opened blooms produced in abundance right on top of a vigorous, upright, bushy and uniform plant. The stems of ***Burst of Joy*** are long enough to make a stylish bouquet that will also generate smiles inside the house as the flowers last and last, holding their intense color until the very end!

Flower Color: Bi-color brilliant orange & bright yellow reverse
Height/Habit: Medium/Upright & bushy
Bloom/Size: Pointed, spiraled & double/Medium, around 3-4 inch diameter (25 to 30 petals) Pointed & ovoid buds.

Celestial Night™

Floribunda • cv. WEKebtigrad • PPAF

A telescope is no longer required to view the dark purple shades of a galaxy from your own backyard - you can see them with your own eyes when admiring the mystical colored flowers of ***Celestial Night***. The out of this world deep plum purple is the most challenging color to attain in the rose breeding world. Combining disease resistance and vigor to that coloration makes it almost a supernatural achievement! Long-lasting color holds until petals fall off. This heavenly rose also reaches for the stars when it comes to flowering performance. If you're a fan of this color, look no further as ***Celestial Night*** is sky high above the competition, making it the very best of its kind!

Flower Color: Plum purple with raspberry reverse
Plant Habit: Medium/Upright & bushy
Flower Form: Medium, around 3-4 inch in diameter, in small clusters/Globular, old-fashioned, cuppy & very double (60 to 75 petals)
Re-Bloomer: Repeat blooms throughout season

Chihuly®

Floribunda • cv. WEKscemala • Pat.#15,076

Named to honor America's famous glass artist, Dale Chihuly. This rose has it all, impeccable style & an ever-changing array of flashy colors. As the sun hits the opening petals, they blush from subtly-striped apricot yellow to dazzling orange & deep red...producing a remarkable display against the deep dark green leaves & mahogany-red new growth. Larger flowers in cool conditions.

Flower Color: Showy multi-color
Height/Habit: Medium/Bushy
Bloom/Size: Medium-large, double (25 to 30 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Mild tea
Cut Flower: Yes

Cinco de Mayo™

Floribunda • cv. WEKcobeju • Pat.#21,709

The clusters of blooms never stop poppin' open on this powerfully flowerful Floribunda. Mysteriously colored & deliriously novel...it's an indescribable blending of smoked lavender & rusty red-orange. Yet it's perfectly blendable with any color in the garden, whether it's atop a rose tree, planted in mass or nestled amongst your favorite perennials. The super- clean glossy-green foliage mirrors the flowers, adding even more pizazz to this bushy rounded flower factory. Smokier when it's cool outside.

Flower Color: Smoky lavender & rusty red-orange blend
Height/Habit: Medium/Rounded & bushy
Bloom/Size: Medium, in large clusters (About 25 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Light sweet apple

Colorific™

Floribunda • cv. WEKplalajaro • Pat.#23,174

Big pointed buds swirl open to show off seductive shades of peach, coral & salmon. But the color display doesn't stop there. The sun 'suntans' each petal... blushing them into deeper tones of orange, scarlet & burgundy. Strong long stems make it a great addition to any cutting garden. And the clean deep green glossy leaves are loverly in the landscape, too. Best flower size in cooler conditions.

Flower Color: Salmon blend blushing scarlet
Height/Habit: Medium-tall/Upright & bushy
Bloom/Size: Medium-large, double (About 30 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate fruity

Distant Drums

Shrub/Floribunda

Stop, look and listen up! Here's a striking color amongst the hardy roses released by the late Dr. Griffith Buck. ***Distant Drums*** grows much like a Floribunda in habit, drumming out clusters of pointed brunette buds that swirl open to reveal ruffles washed with orchid pink. All this set to music against dark green foliage makes for a toe-tapping commotion in the landscape. Long lasting flowers are ideal for bouquets. Unique, smooth, porcelain-like petals are stunningly beautiful.

Flower Color: Unusual tan washing to orchid-pink
Height/Habit: Medium/Upright
Bloom/Size: Medium-large, double, ruffled (35 to 40 petals)
Re-Bloomer: Repeat blooms throughout season

Doris Day

Floribunda • cv. WEKmajuchi • Pat.#26,793

Inspired by big screen and singing legend, 'America's Sweetheart' Doris Day, this lovely yellow-colored rose beautifully personifies this joyful, charming and amazingly talented icon. Super-floriferous blossoms are full of sunshine, just like Doris Day. The old-fashioned blooms are produced in beautiful rounded clusters on vigorous stems. You get to enjoy the gold yellow coloration until the petals drop.

Flower Color: Pure even gold-yellow
Height/Habit: Medium/Upright & bushy
Bloom/Size: Old-fashioned, ruffled, in small clusters/Medium to large, up to 4½" in diameter (45 to 55 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Strong fruit and sweet spice

Drop Dead Red™

Floribunda • cv. WEKcharlie • Pat.#22,571

So velvety...just a jaw-droppingly intense delicious red set against the highly-glossed deep green leaves that mirror all the eye-popping action. This killer color is truly a 'stop 'em dead in their tracks' kinda red that's certain to lure you to linger. And it's THAT red to the very finish of the flower...making this bushy shiny showy plant a natural for the landscape. Best flower size in cooler conditions.

Flower Color: Red velvet

Easy Going

Floribunda

If you thought life was good when we brought you ***Livin' Easy***, you'll need to buy an extra hammock to deal with ***Easy Going***. It's just like 'Mom' in every way except color ...same glossy foliage, great flower power, bushy habit and disease resistance with even brighter green foliage and a delectable peachy golden yellow color that holds to the very end. Consistent in every climate. Great in mass plantings.

Easy To Please™

Floribunda • cv. WEKfawibyblu • PPAF

We were wondering how we could improve the award-winning ***Easy-To-Love***® collection – the best true rose collection containing fully petaled varieties with very good disease resistance. We've added a missing color to the collection with the pink flowering variety ***Easy To Please***. Just like its name, this floribunda will please everyone! With ***Easy To Please***, not only are you getting a high performing rose in multiple climates, but you are also getting a multitude of classic spiraled flowers on a bush for which the disease resistance surpasses many landscape Shrubs. What else are we missing to make this rose a crowd pleaser? Nothing, as a moderate clove fragrance completes this SUPER flowerful, upright and vigorous plant to near perfection!

Flower Color: Fuchsia pink with lighter reverse
Height/Habit: Medium-tall/ Upright
Bloom/Size: Decorative & double/ Medium, around 2½-3 inch diameter, in small clusters (20 to 30 petals)

Frida Kahlo®

Floribunda • cv. WEKcifrabaun • PPAF

As an emblematic artist of Mexico, world-acclaimed painter Frida Kahlo needs no further introduction. She once said "I paint flowers so they will not die." Like the flowers she immortalized in her art, the rose ***Frida Kahlo*** is a lively and colorful reminder of her enduring spirit. Just as Frida is one of the most recognizable artists for her unique style, the scarlet red and gold striped flowers of ***Frida Kahlo*** are also one of a kind in the rose world. The swirl of colors intensifies as the flowers age, adding a red blush as the final touch. Like any painting needs a good stand, the flowers are set in small clusters on a healthy disease resistant plant with clean glossy leaves. If you are one of Frida's followers or simply a rose lover, join the Fridamania by adding a piece of art to your garden with the striking vibrant rounded flowers produced abundantly on the compact upright vigorous plants.

Flower Color: Scarlet red striped gold with red blush on finish
Height/Habit: Medium/Upright, bushy
Bloom/Size: Double/Medium-large, 3-4"in diamater, in small clusters (25 to 40 petals)
Re-Bloomer: Repeat blooms throughout season

George Burns

Floribunda • cv. WEKcalroc • Pat.#10,334

Just the array of novel colors in every flower can bring a smile to your face...although maybe not as many smiles as its namesake, the late George Burns. But it's a definite 'feel-good' rose; bright cheery ever-changing colors of yellow, deep red, rose-pink and cream, big fragrant ruffled flowers, large clean deep glossy green foliage and a fairly compact yet free- flowering plant. More yellow shows up in moderate cool temperatures.

Flower Color: Yellow, red, pink & cream striped
Height/Habit: Medium-low/Rounded
Bloom/Size: Large, double & decorative (30 to 35 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate fruit & citrus
Cut Flower: No
Available As: **1)** Bareroot Budded, Bareroot

Hot Cocoa™

Floribunda • cv. WEKpaltlez • Pat.#15,155

Mysterious, indescribable, elusive...whatever! There's just no other rose color quite like this. Pointed buds of deep rust unfurl to reveal a chocolate haze of velvety smoked tones that can even take on a purply cast. Set against gobs of glossy foliage, the ruffled fragrant flowers are mirrored by super-green leaves. Easy vigor and natural disease-resistance make it a must for every garden. Keeps on smokin' even when the weather turns warm.

Flower Color: Smoky chocolate orange
Height/Habit: Medium-tall/Rounded
Bloom/Size: Large, ruffled, double (25 to 30 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate old rose

Julia Child

Floribunda • cv. WEKvossutono • Pat.#18,473

Just before our wonderful American icon left us, she selected this exceptional rose to bear her name. Julia loved the even butter gold color & the licorice candy fragrance. The perfectly rounded habit, super glossy leaves & great disease resistance finish off the dish. Consistent, hardy and floriferous in all climates. Very disease resistant. During warm, humid conditions, Blackspot will cause some leaf defoliation, but ***Julia Child*** tolerates disease very well and continues to bloom in spite of leaf damage.

Flower Color: Butter gold
Height/Habit: Medium/Very rounded & bushy
Bloom/Size: Medium/Very full, old fashioned (35 plus petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Strong licorice candy & spice
Cut Flower: Yes
Available As:
1) Budded, Bareroot
2) Ownroot, Bareroot
3) Leaf N' Bud® #3 Container

Jump for Joy™

Floribunda • cv. WEKnewchi • Pat.#26,819

Lusciously lovely, delectable peachy-pink color sets apart this sister seedling of ***Sparkle & Shine***. They may have their differences (peach pink vs. deep yellow). But, like most sisters, they share some likenesses, too. Both are distinctive because of their large showy clusters, long-lived flowers with lovely color, round bushy super-flowerful habit, loads of glossy green leaves & consistent dark red new growth. Buy 'em both & let these sisters battle it out for who's the best in your garden.

Flower Color: Peachy-pink
Height/Habit: Medium/Very rounded & bushy
Flower Form: Ruffled, in large clusters
Bloom/Size: Medium, up to 4-inch diameter (Around 25 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate apple
Cut Flower: Yes
Available As:
1) Budded, Bareroot
2) Ownroot, Bareroot
3) Leaf N' Bud® #3 Container
4) Tops N' Pots™ Dormant Potted

Ketchup & Mustard™

Floribunda • cv. WEKzazette • Pat.# 23,289

Slap a layer of the brightest red onto a backside of darkest yellow & set it atop the greeniest glossiest leaves. Better yet, the flowers hold on to their attention-getting tones to the very end...dropping from the well-behaved rounded plant just in time to welcome the next round of abundant bloom. Tidy enough to tuck into a landscape, lend an accent to a container or top a rose tree. No buns or weenies required. Best flower size in cooler conditions. Bold & beautiful!

Flower Color: Ketchup red/mustard yellow bicolor
Height/Habit: Medium/ Rounded & bushy
Bloom/Size: Medium/ Double (About 25 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Mild
Cut Flower: Yes
Available As: **1)** Budded, Bareroot

Koko Loko™

Floribunda • cv. WEKbijou • Pat.# 23,269

So unusual...it looks good enough to eat...or maybe drink in this case. You just can't imagine a milky chocolate-colored bud would mature to be a solid soft lavender blossom. Early to bloom, every lovely bud spirals open with impeccable show form. The flowers last long on the plant & in the vase. Beyond its novelty, there lies a great plant....rounded, handsome & bushy...chock full of green leaves. Warm weather brings out the lavender.

Flower Color: Milk chocolate changing to lavender
Height/Habit: Medium/ Rounded & bushy
Bloom/Size: Medium, double, very well formed (30 to 35 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate
Cut Flower: Yes

Lava Flow

Floribunda

Lavaglut, German for lava flow, is not an easy name... but 'tis a great rose. Large glowing clusters of deep velvety red seem to continually 'erupt' from a blanket of glossy green leaves, creating a display that will warm your heart. This import from the Kordes family bears very long-lived ruffled flowers atop a well-behaved upright plant. A proven consistent performer.

Flower Color: Near black-red
Height/Habit: Medium-low/Upright, bushy
Bloom/Size: Medium-small/Full, large clusters (25 to 30 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Light
Cut Flower: No

Life of the Party™

Floribunda • cv. WEKjucistwe • PPAF • Huntington's 100th

You know the fun is going to begin when the life of the party arrives! The rose ***Life of the Party*** is sure to entertain you in the garden as this blooming machine is a party animal when it comes to flower production. The cuppy yellow old-fashioned flowers are kissed with a pink blush when the party is over, but not too early, keeping the coloration until the petals drop. If you are too shy to invite your neighbors for a garden party, don't worry as the strong fruity smell that EXUDES from its flowers will serve as a formal invitation and attract people from far away! The long lasting blossoms are enthusiastically produced in medium sized clusters on top of an upright & bushy plant. The clean dark glossy green leaves are feeding the flower production by generating the needed energy so the party can go on and on and on!

Flower Color: Yellow kissed with pink on finish
Height/Habit: Medium/Upright & bushy
Bloom/Size: Old-fashioned, cuppy & very double / Medium, around 3-3½ inch diameter, medium sized clusters (55 to 65 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Strong fruity to citrus-like

Livin' Easy®

Floribunda • cv. HARwelcome

All you have to do is just stick it in the ground, give it a little water, kick back and watch it grow. The foliage is so glossy green and free from black spot that the bush looks great even without flowers. But you won't have much of an opportunity to see just leaves 'cause it blooms up a storm. Scrumptious flowers of showy apricot-orange will light up your landscape. Very consistent in all climates.

Oh My!™

Floribunda • cv. WEKcisfrabo • Pat.#24,728

This is the red that Americans love...deep, velvety, bright, and long-lasting...it's just right. Better yet, that color comes in great clusters of ruffled flowers showing off against the backdrop of glossy dark red-green leaves with very good tolerance of Rust and Powdery Mildew. The bushy full plant could be used as a flowerful hedge, a showy mass planting or just by itself...a red beacon for the American garden. Cooler temps bring out the best flower form.

Flower Color: Deep velvet red
Height/Habit: Medium-tall/Upright, bushy
Bloom/Size: Medium-large/Double, ruffled (25 to 30 petals)
Re-Bloomer: Repeat blooms throughout season

Pumpkin Patch™

Floribunda • cv. WEKmongros • Pat.#21,605

A color so scrumptious, it looks good enough to eat... and you certainly can if you watch out for the thorns. But it may not be the sticky sweet treat you'd expect for the delectable pumpkin-pie caramel color. Buttery- rich coppery buds open into clusters of orange beauties held tightly against shiny green leaves—like happy jack o'lanterns nestled in the field. It's lip-smackin' for the landscape and certain to delight on the very first flower. Appreciates a little afternoon shade.

Flower Color: Caramel orange
Height/Habit: Medium/Rounded & bushy

Queen of Elegance™

cv. WEKjucstokol • PPAF • Floribunda

How would you feel about adding a touch of royalty to your garden? Roses are already known as the queen of the flower world but with ***Queen of Elegance*** you are getting multi-petaled, old-fashioned medium pink and large flowers worthy of a monarch! The blooms are certainly sophisticated and elegant but the strong rose perfume is what make this variety deserving of belonging to the aristocracy. Each long-lasting and non-fading blossom invites you to bury your nose to inhale the perfume of 'old time' roses of your dreams. Her eminence is also an excellent garden variety as the upright vigorous plant is robed with glossy dark green foliage, holding the refined blooms at the right height for your satisfaction.

Flower Color: Medium Pink
Height/Habit: Medium-tall/Upright
Bloom/Size: Very double & full/Large, around 3½-4½ inch diameter (40 to 90 petals)
Re-Bloomer: Repeat blooms throughout season

Rosie the Riveter™

Floribunda • cv. WEKzazou • PPAF

Rosie the Riveter pays tribute to the women who worked in factories and shipyards during World War II. The old-fashioned unusual flowers of orangey-gold suffused with pink are surely reminiscent of that era. The exquisite pointy and shapely buds are proudly held on top of very glossy dark foliage as a feminine symbol of charm and strength. A flower representing a women's cultural icon without fragrance would not work. The moderate fruity & spice fragrance is the perfect complement. Like the tireless Rosies, the even rounded plants of ***Rosie the Riveter*** are the workhorse of the garden, producing an arsenal of flowers. Maximum flower power?

Flower Color: Orangey-gold suffused with pink with gold reverse
Height/Habit: Medium/Rounded & bushy
Bloom/Size: Old-fashioned & double/Medium, 3-3½ inch diameter (30 to 45 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate fruity & spice/cinnamon
Cut Flower: Yes
Available As: **1)** Budded, Bareroot
2) Leaf N' Bud® #3 Container
3) Tops N' Pots™ Dormant Potted

Scentimental

Floribunda

Each petal is as unique as a snowflake—some more cream-swirled-red—some more burgudy-splashed-white, all on the same vigorous plant. The old-fashioned form & fragrance may remind you of its stingy blooming ancestors. Yet the nearly continuous number of blossoms lets you know there's modern kinfolk in there, too. Distinctive clean quilted foliage. Best color & size in moderate temps.

Flower Color: Burgundy-red swirled with creamy white
Height/Habit: Medium/Rounded
Bloom/Size: Large/Double (25 to 30 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Strong sweet spice
Cut Flower: Yes
Available As: **1)** Budded, Bareroot
2) Leaf N' Bud® #3 Container
3) Tops N' Pots™ Dormant Potted
4) 24" Tree Bareroot

Sexy Rexy

Floribunda

There's no other more powerful flowerful Floribunda. The name is just a little kinky, but the plant is profusely pinkie–the most prolific producer of perfect pink blossoms you can place in a pot or a garden. Musters lots of clusters. Clamorous yet glamorous. Vigorous and rigorous with mean green leaves. Proven consistent performer in all climates.

Flower Color: Clear coral-pink
Height/Habit: Medium/Upright
Bloom/Size: Medium/Double (25 to 30 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Mild
Cut Flower: Yes
Available As: **1)** Budded, Bareroot
2) Leaf N' Bud® #3 Container

Sheila's Perfume

Floribunda

Sheila, the hybridizer's wife, must be a lovely lady (and smell mighty nice, too) to equal this gorgeous rose imported from England. Despite the Floribunda classification, her flowers of yellow brushed by deep pink are more like a Hybrid Tea in size and form. And, yes, each blossom is saturated with wonderful fragrance. The vigorous rounded bush is loaded with glossy green leaves. Best flower color & size when cool.

Flower Color: Yellow edged deep pink
Height/Habit: Medium/Bushy & rounded
Bloom/Size: Large, double (About 25 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Strong rose & fruit
Cut Flower: Yes
Available As: **1)** Budded, Bareroot
2) Leaf N' Bud® #3 Container

Shockwave™

Floribunda • cv. WEKgojolo • Pat.# 21,531

There's no rose that's any yellowier...and no foliage that's any greenier. The combo makes your eyes blink & your head spin in disbelief. Better yet, the flowers hold on to their searing yellow tones to the very end, dropping away from the well-behaved plant just in time to welcome the next round of bloom. Tidy enough to tuck into a landscape, lend an accent to a container or top a rose tree. Loads of bright, super-glossy apple green leaves mirror the blazing blossoms. Consistent in all climates.

Flower Color: Pure neon yellow
Height/Habit: Medium/Rounded
Bloom/Size: Medium, double Around 25
Re-Bloomer: Repeat blooms throughout season
Fragrance: Mild
Cut Flower: No
Available As: **1)** Budded, Bareroot
2) Leaf N' Bud® #3 Container

Showbiz

Floribunda

There's no biz like this German variety. No other red Floribunda has the brilliantly colored blooms borne in great sprays on a very compact round ball of a plant. Beneath all those pointed buds and long-lived flowers are lots of glossy dark green leaves. Great in mass plantings or for borders. Proven consistent performer. Compact & hardy.

Flower Color: Fire-engine red
Height/Habit: Low/Bushy & rounded
Bloom/Size: Medium/In clusters (20 to 25 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Light
Cut Flower: No
Available As: **1)** Budded, Bareroot

Silver Lining™

Floribunda • cv. WEKcrypeplos • PPAF

The glamour of the silver screen comes to life in this modern rose. This 2021 introduction has a mild tea fragrance and a classical shape. ***Silver Lining*** blossoms throughout the summer and into early fall, producing glamorous, spiraled silver-lavender blooms. Its bushy, deep green foliage maintains a stunning glossiness and a moderate spread. This Floribunda offers good disease resistance and attracts pollinators and butterflies. A new rose with classic beauty, ***Silver Lining*** is perfect for adding to a new or established rose garden, or for including a touch of romance to a sunny border or bed.

Flower Color: Silver lavender
Height/Habit: Medium/Bushy moderately spreading
Bloom/Size: Classical, spiraled & full/Large, around 3½-4½ inch diameter, in small clusters. (35 to 50 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Mild tea
Cut Flower: Yes
Available As: **1)** Budded, Bareroot
2) Leaf N' Bud® #3 Container
3) Tops N' Pots™ Dormant Potted

Sparkle & Shine™

Floribunda • cv. WEKjunjuc • Pat.#24,726

This is a bloomin' fool of a rose with great clusters of flowers on a rounded bushy plant. However, the improved update notches it up with brighter, longer-lasting yellow color, bigger flowers, glossier foliage, handsome dark red new growth & vastly improved disease resistance. Great as an easy care flowerful hedge.

Flower Color: Sparkling clear yellow
Height/Habit: Medium/Rounded, bushy
Bloom/Size: Medium, double, in clusters (33 to 38 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate fruity
Cut Flower: Yes
Available As: **1)** Budded, Bareroot
2) Own root, Bareroot

Sweet Madame Blue™

cv. WEKwibscryper • PPAF • Floribunda

If you have a passion for lavender roses, here's a floribunda for you. Time after time, ***Sweet Madame Blue*** will captivate you with clustered double blooms and magenta-flushed hearts. The color stays steadfast. It won't burn in hot summer sun. With a shapely rounded form and rich citrus-spice perfume, this beauty deserves center stage in your garden and in a vase.

Flower Color: Lavender with magenta centers
Height/Habit: Medium, rounded and bushy
Bloom/Size: Medium, around 3-3½" diameter, mostly in small clusters (50 - 75 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Strong citrus and spice
Cut Flower: Yes
Available As: **1)** Budded, Bareroot
2) Leaf N' Bud® #3 Container
3 Tops N' Pots™ Dormant Potted

Trumpeter

Floribunda

If you're looking for a bright red landscape addition, let this low-care rose-musician blow his horn. His brilliant scarlet colors of the long-lasting ruffled blossoms blare out against the glossy green foliage. Naturally compact and bushy, put him in the front row of your garden. Great in mass plantings. Good landscape performer, hardy and likes a little heat.

Flower Color: Brilliant orange-scarlet
Height/Habit: Medium-low/Rounded
Bloom/Size: Medium/Ruffled (35 to 40 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Mild
Cut Flower: No
Available As: **1)** Budded, Bareroot
2) Leaf N' Bud® #3 Container

Vavoom™

Floribunda • cv. WEKjutono • Pat.#20,166

The bright orange juice tones of ***Vavoom*** might make your eyes pucker...but its sweet treat of glowing color lasts to the very end of every long-lived blossom. Put that gleaming orange against deep mahogany red new growth & glossy green leaves & you've got a winner for the landscape. The rounded compact plant can tuck into limited spaces.

Flower Color: Orange-juice orange
Height/Habit: Medium-low/Rounded
Bloom/Size: Medium/Ruffled, double (35 petals +)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Moderate spicy
Cut Flower: No

Violet's Pride™

Floribunda • cv. WEKwibysicpep • PPAF

Violet's Pride undeniably belongs to the aristocracy of the rose world with dense foliage, resilience from diseases and a sophisticated grapefruit and fruit-like fragrance worthy of any noblewoman. The exquisite lavender blooms unfold to display a spectacular magenta-colored heart on the inner petals. This prolific blooming rose generates some of the most elegant buds and flowers that are worthy of first prize in any Best of Show contest. The flowers are held proudly on top of a vigorous and even rounded bush.

Flower Color: Lavender with a magenta heart
Height/Habit: Medium/ Rounded & bushy
Bloom/Size: Spiraled form & fully double/ Medium-large, 3½-4 in, in small clusters (35 to 45 petals)
Re-Bloomer: Repeat blooms throughout season

White Licorice™

Floribunda • cv. WEKdidusinra • Pat. #22,540

This quiet color packs a powerful punch of unparalleled perfume... a sweet licorice & lemon blossom aroma that will make you tingle with delight. A bouquet- making machine-of-a-plant with wonderfully formed buds that open into big wavy wonders set atop sturdy stems clothed with dark green leaves. Bushy & beautifully branched, the plant looks as good in the garden as the flowers do in a vase. More yellow when cool...more white when warm.

Flower Color: Fragrant lemon cream
Height/Habit: Medium/Upright & bushy
Bloom/Size: Large, double, classically formed (35 to 40 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Strong licorice & lemon blossom

Rugosa & Foetida Roses

Rugosa Roses

Rosa rugosa are species roses that are native to Asia and southeastern Siberia. The word "rugosa" is latin for "wrinkled" which accurately describes the foliage texture of this hardy rose. Rugosas are disease resistant and need little maintenance. They are frequently used in mass highway plantings and along coastal areas where their tolerance to deicing salt and seaside salt spray make them a tough, colorful trouble-free landscape plant. Rugosas also provide seasonal interest with their colorful fall hips.

Foetida Roses

Rosa foetida are species roses that are native to the foothills of the Caucasus Mountains in Georgia. It is noted for its tough disposition and bringing bright colors to harsh climates. Prior to ***Rosa foetida's*** introduction, the color yellow was not found in native European roses. All modern day rose hybrids owe their sunny colors to their ***Rosa foetida*** family members. Although the word "foetida" is latin for "having a bad smell" you will find that modern day ***Rose foetida*** varieties suffer from no such problem.

Blanc Double de Coubert

Rugosa

A beloved member of the Rugosa species because of the nearly continual production of pure white large double flowers saturated with fragrance. Red hips ripen in the fall. Large, orange-red hips add fall and winter interest and wildlife food. Tough, hardy & naturally disease resistant. Avoid chemical sprays.

Flower Color: Clear pure white
Height/Habit: Medium-tall/Bushy, 5' tall by 5' wide, tidy with no pruning needed
Bloom/Size: Medium/Semi-double flowers 2-3" diameter, semi-double flowers (About 30)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Sweet rose
Cut Flower: No
Zone: 3 to 8, Hardy zones 4–9
Award: RHS—1993
Products: **1)** Ownroot, Bareroot
2) Leaf N' Bud® #3 Container

Hansa

Rugosa

All the good, rugged features of the Rugosa species are combined with big shapely buds and richly-colored fragrant flowers in this old hardy favorite. Great for barrier plantings in cold climates. Attractive fall color and red hips in the fall. Avoid chemical sprays. Drought resistant. Disease free.

Flower Color: Vibrant violet-red
Height/Habit: Medium-tall/Bushy round shrub
Bloom/Size: Large, full About 30 petals
Re-Bloomer: Repeat blooms throughout season
Fragrance: Very spicy clove

Austrian Copper

Foetida • Rosa foetida bicolor

Old-fashioned clusters of single-petaled flowers with a blinding color can literally cover this tough shrubby species rose. Its natural hardiness and brilliant color make it popular in harsher climates. Grows vigorously and will spread from underground root shoots if allowed, making it a great choice for impenetrable border hedges.

Flower Color: Hot orange-red/yellow reverse
Height/Habit: Large arching shrub
Bloom/Size: Small, old-fashioned, single, (5 petals)
Re-Bloomer: No. Springtime only.
Fragrance: Strong sweet licorice
Cut Flower: No
Zone: 4 to 9 (winter hardy to zone 4a)
Products: **1)** Bareroot

Frau Dagmar Hartopp

Rugosa • Dagmar Hastrup, Fru Dagmar Hastrup

This renowned international rose is the most compact grower in the rugosa species. This very dwarf wonderfully hardy Shrub produces a profusion of shimmering light pink single flowers for your pleasure. A good addition to a small or large landscape that demands very little work. Attractive fall color and red hips in the fall. Drought resistant

Flower Color: Silvery-pink
Height/Habit: Low/Compact, rounded
Bloom/Size: Medium, single (5 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Mild

Linda Campbell

Rugosa

A 'new' rose named to honor the late great friend of the rose from Denver. New because of its large clusters of flowers with strong red color. Old because of its Rugosa heritage—naturally hardy with quilted grey-green foliage. Very good repeat bloom. Give her room to show off. Loves heat best.

Flower Color: Velvety bright red
Height/Habit: Tall/Arching canes 6 to 8 feet
Bloom/Size: Medium, double, in large clusters (20 to 25 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: Slight
Cut Flower: No
Zone: 5 to 8 (3 to 4 with winter protection)
Products: **1)** Bareroot
2) Leaf N' Bud® #3 Container

Rugosa & Foetida Roses are Colorful, Tough & Hardy Additions to any Garden, Landscape or Mass Planting!

Moje Hammarberg

Rugosa

Like all her Rugosa cousins, this European creation is perfectly disease resistant but much more compact, rounded and floriferous than her other kin. Larger flowers than other rugosas, blooms even in the heat. A more compact & flowerful version of ***Hansa***.

Flower Color: Reddish-violet
Height/Habit: Medium/Rounded
Bloom/Size: Medium-large, double (20 to 25 petals)
Re-Bloomer: Repeat blooms throughout season
Fragrance: None
Cut Flower: No
Zone: 3

Purple Pavement

Rugosa • Rotesmeer

Despite the name...she's not a groundcover. But 'tis a fine rounded, more compact sister in the Rugosa species. Reddish-purple flowers look sharp against the crinkly green leaves. A great Northern rose & is salt tolerant, right up to the shoreline. Adorned with bright red hips in the fall.

Flower Color: Purple-red
Height/Habit: Medium/Rounded & bushy
Bloom/Size: Medium, semi-double (Near 15 petals)
Re-Bloomer: Springtime only
Fragrance: Strong spice
Cut Flower: No
Zone: 3 to 8
Products: **1)** Budded, Bareroot
2) Leaf N' Bud® #3 Container

Rosa rugosa 'Alba'

Rugosa

Big single flowers with yellow tufted stamens sit atop deep green quilted leaves. The very round bushy clean plants are known for their hardiness and tolerance to salt sea conditions. Fat round bright red hips give a bonus of fall color, providing food for local wildlife. Mostly spring blooming, likes Northern coastal conditions.

Flower Color: White
Height/Habit: Medium/Bushy & round
Bloom/Size: Medium-large, single (5 petals)
Re-Bloomer: Springtime, sporadic throughout summer
Fragrance: Moderate rose
Cut Flower: No
Zone: 2 to 8
Products: **1)** Ownroot, Bareroot
2) Leaf N' Bud® #3 Container

Persian Yellow

Foetida • Rosa foetida persiana

The double pure yellow cousin of Austrian Copper is highly prized for many of the same qualities. The very hardy cold-tolerant shrubby plant gives an unbelievable display of eye-popping yellow color. The double flower form was quite a rare treasure in its day. Does best in harsher climates.

Flower Color: Vibrant dark yellow
Height/Habit: Large/Shrubby
Bloom/Size: Small, in clusters (20 to 25 petals)
Re-Bloomer: Springtime only
Fragrance: None

Therese Bugnet

Rugosa

This hardy disease resistant Rugosa is named for the hybridizer's daughter (prounounced boo-AY). As is common with the Rugosa species, her shrubby plant is very hardy and covered with quilted grey-blue-green leaves of unsurpassed disease resistance. Her long lilac-pink buds open to large ovely scented blossoms. Avoid chemical sprays.

Ownroot Patio Bushes

Patio Roses are just the right roses to fill that extra special small garden space or decorative pot on a balcony or patio. Patio Roses were hybridized as garden roses so they are excellent garden performers, not your typical super-market miniature! Imagine a compact and floriferous bloomer, many of which display small Hybrid Tea like flowers with the whole plant (size of canes, height, foliage, flower) in proportion.

Childrens Hope™

Small Shrub • cv. WEKswegobab • PPAF

With each sale of the ***Children's Hope*** rose, a portion of the proceeds goes back to the Children's Brain Tumor Foundation who's mission is to get children with brain tumors and spinal cord injuries back to good health. Each little medium red pom pom-like flower is producedin big clusters on a perfectly even rounded plant. Ideal for a smaller spot in the landscape or as a focal point in adecorative pot. ***Children's Hope*** has shown excellent performance in most climates of the country.

Flower Color: Medium red/ Edged with light smoke
Height/Habit: Medium-low/ Rounded & bushy
Bloom/Size: Old fashioned, very double/ Small, round 1½-2" diameter, in large clusters (Over 45 petals)

Ownroot Patio Climbers

Patio Climbers are smaller versions of our full-sized climbers but in perfect proportion. Perfect for that small space in the garden or decorative pot on a balcony or patio. An excellent choice to fill a small vertical space with vibrant color. Patio Climbers were also hybridized as garden roses so they are excellent garden performers as well.

Climbing Cécile Brünner

Climbing Polyantha • Sweetheart rose

18" & 24" Patio Tree Roses

18” Patio Trees are produced by budding our popular Patio rose and small Shrub varieties onto an 18” Dr. Huey trunk.

24” Patio Trees use Floribunda and Shrub varieties budded onto a 24” trunk. 18” and 24” Patio Trees can fulfill your need for formal landscape accents in smaller spaces. Create special colorful containers by surrounding the trunk with flowering annuals.

How to Choose the Best Products for Your Rose Program

Left to right: Bareroot budded rose, ownroot rose

Patented vs. Non-Patented Roses

Patented Roses:
Weeks Roses is the recognized leader in hybridizing garden roses. Roses of merit are brought to commerce after a lengthy evaluation process across the US. Natural disease resistance is a priority and the roses are evaluated in a 'no spray' environment.

Rose breeders only patent the best roses with truly unique qualities. Once a plant patent is issued, it lasts 20 years before it expires.

Patented roses represent the latest, greatest selections from Weeks Roses and represents over 100 years' worth of rose breeding experience, which means that each generation of new rose hybrids is building from the best qualities and features of the previous one.

During this 20 year patented status, patented roses are protected from unlicensed asexual repoduction by the U.S. Plant Patent Act.

Through the years, bloom form has improved and bloom cycles have been minimized. This translates into more color! Old roses such as ***Chrysler Imperial*** have 60-day bloom cycles, which means that you'll have periods of bloom-less plants while awaiting new buds.

Newer patented Hybrid Teas, such as ***Pretty Lady Rose*** and ***All My Loving***, have been bred with 45-day bloom cycles, which will ensure that your rose plant is always in bloom. With today's roses, you'll be able to choose from a wide variety of beautiful colors and in-toxicating fragrances.

Modern roses have been bred with greater vigor and improved growth habits. They are also vastly more disease resistant than roses of old. And as groundbreaking roses such as ***Take It Easy, Watercolors Home Run & Top Gun*** entered the collective gene pool new Shrub roses requiring little to no maintenance will continue to emerge in the years to come.

Non-Patented Roses:
When a rose patent expires, varieties that have 'stood the test of time' are kept in production. What would a rose garden be with out ***Peace*** or ***Mr. Lincoln***? Weeks Roses Non-Patents are popular, proven, and have familiar names that gardeners know.

Budded vs. Ownroot

Weeks evaluation process determines varieties that will do well ownroot and which must be budded on rootstock to have vigor.

Budded:
Budding roses on rootstock such as ***Dr. Huey*** is the proven method to replicate roses. ***Dr. Huey*** is a hardy vigorous rootstock that allows a rose to perform to its best potential. Budded roses allows a rose to perform in a wide range of soil moistures and pH.

Ownroot:
Many ownroot roses perform especially well in Northern locations where harsh winters can be a concern. In these situations where unusually hard freezes cause dieback, ownroot roses have a better chance of recovering and remaining true to cultivar.

Multiple varieties of Weeks' roses are offered budded as well as 'ownroot'.

Bareroot Grade# 1 vs. Grade# 1.5

Weeks Roses harvests over three million roses annually. Following harvest, roses are brought to our sophisticated processing facility where each rose bush and tree is inspected individually and assigned a grade for quality by our experienced processing staff. Each bundle of roses (five per bundle) is labeled with a plastic tag indicating the name and grade.

Grade #1:
Our bareroot bush & tree roses. Our premium roses are assigned a Grade #1.

Grade #1.5:
While the attempt is to grow the very best quality, Grade #1.5 roses are a step down from Grade #1. Grade #1.5 roses are of value, when availability and lower unit price is a consideration.

It should be noted that a Grade 1.5 rose when properly cared for in a garden situation will over time outgrow its Grade 1.5 status and fully reach its potential.

Bareroot Roses

Minimum Order:

Multiples of **5** Only • Any Combination of:
100 - Bush, Climber, Shrub & Patio Roses
25 - Tree Roses

Product Overview:

- Weeks' superior #1 & #1½ grade two-year plants have been our mainstay since 1938
- Grown in our own fertile fields in Wasco, CA under the direct supervision of our Director of Field Operations
- You can grow your own large and lush container roses in 8-10 weeks or less or sell them bareroot.

Misc. Information:

- ***Point of Purchase Materials:*** POP can help boost your sales and are easily ordered by the order form or customer service.
- ***Varietal Minimums:*** Roses are shipped in bundles of five. Rose varietal information is identified by a plastic strip tag placed on each plant.
- ***Harvest:*** Bareroot plants are harvested in early winter after the plants have gone dormant to reduce stress.

Shipping:

- ***Bareroot:*** Bareroot roses can be picked up at our Wasco warehouse or shipped directly to your location.
- ***Pick-up Appointment:*** Please contact the Shipping Department at ***shipping@weeks-roses.com*** or your Customer Service Representative for a pick-up appointment.
- ***Boxed:*** Roses are wrapped in a protective plastic wrapper and packed in the appropriately sized cardboard box.
- ***Bulk:*** Roses are picked up or shipped without plastic & cardboard packing and are stacked by variety directly in the truck.

Fees:

- ***Boxing Fee:*** Additional boxing charges do apply.
- ***Bulk Load Fee:*** Additional bulk charges of **$375.00** do apply.
- ***Under Minimum:*** Bareroot orders under the minimum amount are subject to actual freight billing

Grade # Bareroot rose

Bareroot Growing Recommendations

- ***Pots:*** Most growers use a three-gallon container, a few use five gallon or larger, especially for tree roses. Two-gallon pots work well for Patios. Make sure pots have adequate drainage.
- ***Soil Mix:*** Roses require a heavier mix than bedding plants, but a lighter mix than most nursery stock. The pH should be between 6.0 and 7. Know your pH, lime may be needed to raise the pH. A good commercial media like Fafard's #52 works very well. A good "home made" mix is: 1/3 composted pine bark, 1/3 peat moss, 1/3 topsoil or (compost). The addition of gypsum (calcium) to the soil mix may benefit by growing stronger canes and a more disease resistant leaf surface. The mix should have no fertilizer added to it. Fertilizing can begin once roses have sprouted (about week 3 or 4).
- ***Inspect Roses on Arrival:*** Any problems or abnormalities must be reported to Weeks Roses immediately! Pot as soon as possible. KEEP ROOTS MOIST from the time boxes are opened and throughout the potting process. Roots should be soaked overnight or for at least two hours before potting.
- ***Pruning:*** Prune away any broken/ damaged roots, canes, or twiggy growth. Prune canes back to 4-6". Give roots a light pruning but leave as much as possible without having to wrap roots at the bottom of the container.
- ***Planting:*** Plant roses so the bud union is at or slightly below the soil level. Avoid potting in the wind and full sun. A shaded or indoor location is best. Tree roses should be staked.
- ***Watering:*** Water in immediately and thoroughly. Follow up with regular watering program. Soil should be kept slightly moist at all times until the roses have sprouted. Successful rose growers apply granular Subdue Maxx at this time.
- ***Mild Weather:*** In mild climates, place newly potted roses in a shaded location and, most importantly, shielded from the wind. Keep canes moist by syringing plants several times a day until sprouts appear. Some growers cover the roses with saran or white poly until breaks emerge with very good results.
- ***Cold Weather:*** In colder climates, in a greenhouse or cold frame, plants require a very humid environment along with good air movement provided by fans.After shoots are 1" long, humidityshould be reduced below 85% if possible. (Make sure to fan ventilate on warm days.)
- ***Dormant Spray:*** Before the plants leaf out, apply a dormant spray to coat the canes, soil, pots and ground surface.
- ***Fertilizing:*** When the roses have shoots of 2"in length, begin fertilizing at half the recommended rate. Applying fertilizer earlier and/or at higher rates can burn the young roots.

Tops In Pots™ Roses

Dormant Potted Roses

#1 Grade Patented Roses

#1.5 Grade NonPatented Roses

Minimum Order:

Multiples of 5 Only • Any Combination of:
120 - Bush, Climber, Shrub,
Patio Roses & Tree Roses

Product Overview:

- Weeks Roses is proud to present the finest quality dormant rose available in a ready-to-plant fiber container. You can have the newest and best of Weeks Roses varieties without any additional potting or maintenance costs ready to go for early spring sales.
- Our super-strong root system demands a large 8 x 9" fiber pot—bigger than any other dormant plantable pot or boxed rose on today's market.
- Build a comprehensive program starting with dormant Tops In Pots™ and moving into Leaf N' Bud® custom container plants.

Marketing:

- ***Placement:*** Place your Top In Pots™ in a high visibility area. Placement on an elevated surface will increase visability. Creative merchandising increases sales.
- ***Package Design:*** Our bright, bold package designs are certain to draw your customer's attention.
- ***Rose Photo/Information:*** Weeks' packaging features a showy removable 7 x 5" Picture Billboard hat displays a professional photo of the rose, cultivar information and easy-to-read rose specifics—everything a retail customer needs to choose the perfect rose!
- ***Care Instructions:*** Complete care instructions are printed directly on the package.

Rose Care:

- ***Weather Protection:*** Protect your Tops In Pots™ from weather extremes like direct sunlight or or freezing temperatures.In warm weather areas, place in a semi- shaded area for a week before transferring to a more sunny location. In cold climates, place outside only when danger of a hard freeze is past.
- ***Watering:*** Although the soil is premoistened, plants should be watered 2-3 weeks after shipment is received or as needed. Slit the top of the bag to let water in.
- ***Fertilizer:*** After plants have fully leafed out, use a liquid rose fertilizer per label directions.
- ***Pest Control:*** Adopt a spray program for any pests or disease. Always use chemical products as the label specifies.

How to Plant a Weeks' Dormant Potted Rose

Step #1:

Select a location in the garden that best fulfills the requirements given in our Rose Basics.

Step #2:

Dig a hole large enough to easily accommodate the entire fiber pot at the proper height. In cold climates, position the graft knot/crown 2 to 3 inches below ground level. In mild climates, position the graft knot/crown right at ground level. Amend the soil going back into the hole with well-rotted compost.

Step #3:

Remove the plastic bag from around the fiber pot. Prune out any dead or broken canes. With a sharp knife, remove the lip of the fiber pot to the same level as the top of the soil mix inside the pot. Make 3 or 4 six-inch vertical cuts into the sides of the fiber pot at even intervals. For best results, cut the bottom out of the pot to allow new roots to easily penetrate. Take care to not disturb the young roots when working with the fiber pot.

Step #4:

Place the fiber pot and plant at the correct level in the hole (see STEP 2). Fill in the hole with your amended soil. Water slowly and deeply to wet the roots and settle the planting. Some additional amended soil may be required after the plant settles. Do NOT fertilize new plants until the new growth is 4 to 5 inches long.

Leaf N' Bud® Roses

Custom Container Roses

Minimum Order:

Multiples of ***5*** Only • Any Combination of:
200 - Bush, Climber, Shrub,
Patio Roses, Tree Roses & Cherries

Product Overview:

- Produced by experienced growers in regional locations so they're acclimated for your locale.

Marketing

Point of Purchase Materials

Weeks Roses offers a wide selection of colorful sales tool to help you promote our NATIONAL FLOWER - the ROSE! Enhance your rose display, promote your rose inventory & increase rose sales with our wide selection of colorful Point of Purchase Materials.

Point of Purchase Materials can be ordered by marking the order form with your preference. Please note that items will not be added to your order unless this section is completed.

IMPORTANT INFORMATION:
Weeks Roses Point of Purchase materials will arrive usually with Box #1 of your rose shipment. Materials are safely enclosed in plastic and are located in the bottom of the box. The box that contains your POP materials will be marked by a neon orange label on the outside of the box. Please be sure to check your box carefully before contacting Customer Service.

Tags:
Weeks Roses colorful hang tags help your customers chose the perfect rose for their landscape or garden project. Tag features include:

- Beautiful color photo
- Important flower and plant information
- Planting guide
- Perforated tear-off for easy checkout
- Customers can download an app and click on the QR code for more information.

Billboards:
Colorful billboards are certain to catch your customers eye. We offer two sizes:

- 11 x 7" Vinyl Billboard
- 7 x 5" Paper Picture Billboard
- Both sizes fit standard nursery galvanized-sign holders.

NOTE: Please note that our older style tags & billboards will still be in use until our inventory runs out. So you may still receive older style tags & billboards depending on the variety of rose you order.

Banners:
Let your customers know you carry Weeks Roses by displaying our colorful banner. Each order comes with one **FREE** banner. Make sure you check **YES** on the order form if you wish to receive it. Additional banners can be purchased.

Advertising

Weeks supports the demand for consumer information through participation in radio shows, weekly blogs, eNewsletter and print ads in both trade and consumer venues. Our marketing emphasis continues to educate the consumer and pushes them to visit their local retailers to ask for our plants by name.

Website

www.WeeksRoses.com

Our website is constantly being updated to bring you the most up-to-date information about our rose cultivars and product lines. It serves both consumers and our wholesale customers now in one convenient location.

Website Features:

Store Locator:
This improved sales tool helps consumers find our roses at your location.

Contact:
customerservice@weeksroses.com

If your business is not currently listed. Please be sure to include your customer # in your email or Check YES on the first page of the order form.

Wholesale Customer Support:
